JAMBOREE EAST 1974

NATIONAL TOKEN, MEDAL, and EXONUMIA
COLLECTORS JAMBOREE

October 4-6, 1974 • Hotel Webster Hall • Pittsburgh, Pennsylvania

TENTATIVE PLANS ARE BEING ANNOUNCED TO HOLD THE
FALL MEETING OF NSCA IN PITTSBURGH. ON SATURDAY,
OCTOBER 5, 1974 AS A PART OF THE JAMBOREE EAST EVENT.

Your President will be meeting with Duane Feisel in Miami in August at the ANA event and will have full details in the next bulletin! Many members have expressed the idea that this will be a wonderful opportunity for us to acquaint national collectors with the wonderful hobby of coal scrip tokens - and, at the same time, to meet a host of new collectors in other token fields. There will be no coins at Pittsburgh show - it will be tokens, medals and exonumia only! A special auction sale of tokens will be held on Saturday night and other special features are being scheduled... Unless I miss my guess, we should sign up 100 or more new members for NSCA... WATCH NEXT ISSUE OF SCRIP TALK FOR FULL INFORMATION...

NOTICE: If you are a member of TAMS and have not mailed in your ballot for the election of officers and Board Members, please note that the deadline for mailing is SATURDAY, JULY 27, 1974. Please get your ballot in the mail and see the additional comments on another page in this issue of "SCRIP TALK".

 "SCRIP TALK" is the official bulletin of the National Scrip Collectors Association. Published at Fayetteville, West Virginia by: Walter Caldwell, P. O. Box 29, Fayetteville, West Va. 25840. National Scrip Collectors Association: PRESIDENT: Walter Caldwell, Fayetteville, West Va. VICE-PRESIDENTS: Paul Jensen, P. O. Box 271, Ft. Thomas, Ky. 41075 -- Charles Ross, 506 Market St., Spencer, West Va. 25276 -- David E. Schenkman, P. O. Box 274, Indian Head, Maryland 20640. Token illustrations courtesy: Gordon Dodrill, 441 Smithfield, Pittsburg, Pa.

"WE AIN'T TRYIN TO HURT NOBODY!" In connection with your President's efforts to get elected to the TAMS Board of Directors, a variety of interesting comments have been received. So that the matter can be restated, these brief comments are in order. Most of the ballots have already been cast (deadline -July 27, 1974) so if I am elected - fine! I will work for the betterment of all token and medal collectors and offer some suggestions that I hope the other Board members and general membership will approve! If I am not elected, I will still be a TAMS member and a token collector...

It is my sincere belief that token collectors (or medal) primarily should be heading the group and not other persons who might be using the organization for advancement in another organization. I expressed the opinion that all officers should certainly attend the Board and the General membership meetings of TAMS. If they are too busy with other organizations, then they should resign the TAMS offices! At the last meeting in Boston, several officers were too busy to attend the TAMS meeting. Coin collecting for the average collector has now reached the stage that only the wealthy can deal in coins - token collecting is a hobby that can be enjoyed by all and, at the same time, a reasonable return can be expected on all monies invested in tokens! The word "clique" has been tossed about... I realize that any organization has a certain small few who can be depended upon to carry the "work load" of the group. This is true in TAMS as in the others! I am not out to break up the organization - I want to be a part of the "clique" - to be a worker, but, in the token and medal field! I ain't tryin to hurt nobody! For the record, and in event you have not cast your ballot, the following NSCA members are candidates in the TAMS election: (NSCA has NOT endorsed any candidates so use your best judgement) - President: Duane Feisel -- 2nd Vice-President: Arlie R. Slabaugh -- Board of Directors (Ten to be elected): Stephen Album -- Walter Caldwell -- Chriss Christiansen -- Robert W. Craig -- Forrest Dunham Hal V. Dunn -- Charles Littlefield -- Ben Odesser -- and David Schenkman.

.....
 NOTICE: Your President - and other NSCA members - will be attending the ANA convention in Miami, Florida in August. If you will contact the IVANHOE HOTEL, I will be pleased to meet and greet all NSCA members who might be attending !! Present plans are that I will arrive around noon on Thursday, August 15th and leave around noon on Saturday, August 17th - quick flying trip! Would like to see and greet token collectors so leave a message at the desk in event I am not in the room!! Too, will have time for 'chit-chat' on coal scrip and our plans for NSCA participation in Jamboree East in October so get in touch at Miami !!

SCRIP TALK

AUGUST 1974

Being a little of this and a little of that as time and space will allow....SCRIPTOR PAUL JENSEN probably has the best coal scrip token collection in the world now. Know that he will not mind my passing along a portion of the letter...."I am pleased to report that I am over the magic mark of 1,000 different 1¢ tokens and over 6,000 different pieces of coal scrip. It has been a lot of work, but also a lot of fun and enjoyment. One of the nicest parts of the past three and one-half years since I got my first piece of coal scrip is all of the nice people I have met that I would never have known had I not started this hobby." Paul is not in the center of the coal area, thus, you can see that it is possible to build a good collection by correspondence and attending the scrip meetings...

...SCRIPTOR DON EDKINS is currently running an auction sale featuring coal scrip and various other tokens. If you did not receive a sale catalog, drop him a note today. Incidentally, he estimates that there will be approximately 10,000 coal scrip listings in the two column catalog that he is preparing. Various members have urged that he get to a stopping place and send it to press, however, Don wants to have it as complete as possible. The major work will have pictures, price quotes or valuations, and will contain varieties. As last report, Don planned to catalog the collection of Dr. Orrahod in Kentucky and the Sigmon collection of Kentucky.... Additional info, of course, will be included in future issues of "SCRIP TALK"..... As will be noted in this bulletin, I have been trying out several typewriters to see what works best for the bulletins. Most use the special carbon (one time) vinyl ribbons, however, this particular stencil page is being typed on a regular nylon typewriter ribbon to see what results. I have purchased the typewriter that is used to prepare the mail sale auction lists. This smaller letter size permits more description on the tokens so hope that you do not need a magnifying glass to read all of the listings. What with mimeograph paper and postage going sky high, we will be forced to cut corners.. ...Certainly hope that many of you will drop by if you are in Miami for the ANA and TAMS meetings. I will be staying at the IVANHOE HOTEL so get in touch and we will have some token chit-chat !! Will arrive on Thursday noon (15th of August) and must leave around noon on Saturday (17th)... SCRIPTOR BEN ODESSER agrees with my thoughts on the TAMS board members attending meetings and included something to this effect in his sketch in last TAMS journal. I met Ben several years ago at TAMS and he has turned up some nice coal scrip items. Too, Arlie Slabaugh, of the Franklin Mint is a native West Virginian and gave me encouragement several years ago on getting out a coal scrip book. Arlie, incidentally, is a Board Candidate and wrote an award winning article for TAMS Journal many months back on coal scrip...SCRIPTOR WALKER KNOTT pens that he has turned up a 2¢ token on H.T. Wilson which he believes is very rare. I would have to agree....SCRIPTOR R. R. TIPPY writes that he believes that Pittsburgh meeting will give us a good opportunity to expose coal scrip tokens to many other collectors.... SCRIPTOR DEL FORD is keeping me posted on Oklahoma coal items and writes very interesting letters. He feels that we should have a member on the TAMS Board.... SCRIPTOR W. R. LONG notes that he has 1¢ William Ann piece which Jensen did not know existed. Several other exceptions to his list have been noted and we will try to include this info in next bulletin! It certainly helps, as we attempt to complete sets, to know that some particular pieces were not made! Would certainly recommend that you record this information in your record books so that you will not be looking for something that does not exist....SCRIPTOR BOB CRAIGO calls to inform that he has changed jobs at W. Va. State and will have more time now for scrip....We need more ads so why not send one along... Too, we need articles on coal scrip tokens. Someone can win a valuable set of scrip for the best article published in SCRIP TALK during the coming months!! More later.....

As will be noted, present contest leader is Don Edkins with 3 members! White, Weber, and Sigmon in second place with 1 member each! (Remember, your bulletin editor is not in the contest!) I am a little discouraged with the results to date - what with a \$50.00 set of scrip being offered, I would think that we could get a bunch of new members!! Too, remember we are now extending an invite to collectors of lumber tokens to join our group - a sample copy of a letter for your lumber token collector friend is enclosed! Mail the letter to him and ask that he fill out the application blank!!
